Consigli di posa

Per la posa in luoghi umidi come docce, vasche, piscine e sauna, si consiglia l'utilizzo di uno stucco epossidico per evitare sporcature e la formazione di muffe e funghi tra le fughe. Rimuovere eventuali macchie ed aloni post posa con Fila CR10. / When laying in wet places, such as showers, bathtubs, swimming pools and saunas, it is advisable to use an epoxy grout to prevent soiling and the formation of mould and fungus between the grout lines. Remove any stains and marks after laying using Fila CR10. / Pour une pose dans des lieux humides comme les douches, les baignoires, les piscines et les saunas, il est conseillé d'utiliser un mortier époxy pour éviter les salissures et la formation de moisissures et de champignons entre les joints. Éliminer les taches et les traces de pose avec Fila CR10. / Für die Verlegung in Feuchträumen wie Duschen, Wannen, Schwimmbädern und Saunen empfehlen wir die Verwendung eines Epoxid-Fugenmörtels, um Schmutz sowie die Bildung von Schimmel und Pilzen zwischen den Fugen zu vermeiden. Eventuelle Flecken und Ränder nach dem Verlegen mit Fila CR10 entfernen.
