# CONFETTI

Confetti è la nuova collezione di ceramiche in grès smaltato disegnata dallo studio Marcante-Testa (UdA) per Ceramica Vogue. Un progetto caratterizzato da patterns di ispirazione grafica evocativi di un passato prossimo capace di custodire gli aspetti più intimi delle persone e della loro memoria.

Immaginato per la casa e per quegli interni extra residenziali come locali di ristorazione e alberghi che richiamano la dimensione domestica, in quanto luogo di espressione per eccellenza di quei lati indispensabili del carattere umano quali l'umorismo, la leggerezza e la capacità di non prendersi mai troppo sul serio.

La collezione Confetti prevede un unico formato 25x25 cm rettificato, spessore 10 mm, con quattro decori suggeriti nei nomi dall'architettura di quattro città italiane: Milano, Venezia, Roma e Torino.

I micro patterns, declinati in 6 varianti di colori più 8 tinte piene in abbinamento, rendono la collezione Confetti un nuovo classico, per rivestimento e pavimento, disegnato e prodotto in Italia in continuità con la filosofia di Ceramica Vogue.

*Confetti is the new collection of glazed stoneware tiles designed by the Marcante-Testa (UdA) firm for Ceramica Vogue. This project is characterised by patterns of graphic inspiration evocative of a near past that can protect the most intimate aspects of people and their memories.*

*The collection is designed for the home and for non-residential interiors such as restaurants and hotels, which bring to mind the dimension of home because they are the best expression of essential traits of the human character, such as humour, lightness and the ability to not take oneself too seriously.*

*The Confetti collection comes in one format (25x25 cm, rectified, 10 mm thickness) with four types of decorations suggested by the names of the architecture in four Italian cities: Milano, Venezia, Roma and Torino.*

*The micro patterns, available in 6 colours with an additional 8 matching solid colours, make the Confetti collection a new classic for tiling floors and walls, designed and produced in Italy coherently with the philosophy of Ceramica Vogue.*

# STUDIO MARCANTE - TESTA

Nel 2014 Andrea Marcante (co-fondatore nel 1992 dello studio di architettura UdA) crea con Adelaide Testa lo studio MARCANTE – TESTA, una realtà progettuale indirizzata alla ricerca sull’architettura degli interni, sul design e alla consulenza aziendale nel settore dei materiali e dell’arredamento. I loro progetti vogliono essere al tempo stesso seri e divertenti, rustici e cosmopoliti, democratici e raffinati, pratici ed eleganti, mascolini e delicati: se certi interni ci emozionano è perché sono esemplificazioni di una possibile scelta tra aspetti conflittuali del nostro carattere, della legittima aspirazione a trasformare le nostre preoccupanti contraddizioni in qualcosa di bello.

Dal novembre 2016 sono i nuovi direttori artistici di Ceramica Vogue con l’intento di valorizzarne la sua vocazione architettonica e farne a tutti gli effetti un prodotto per l’interior design. Un preciso percorso condiviso con l’azienda che sta, da una parte, attualizzando i caratteri distintivi del brand, che sono il colore e i formati, e dall’altra introducendo un’originale connotazione stilistica attraverso nuove collezioni come “Graph” e “Confetti”.

In 2014 Andrea Marcante, co-founder of UdA architecture firm in 1992, set up with Adelaide Testa MARCANTE-TESTA, a research oriented firm focusing on architecture, design and company consulting in the field of materials and furniture.

Their projects aim to be both serious and funny, rustic and cosmopolitan, democratic and refined, practical and elegant, manly and delicate: if certain interiors excite us, it is because they are examples of possible choices between conflicting aspects of our personality, of the legitimate aspiration to transform our own disturbing contradictions into something beautiful.

From November 2016 they are the new artistic directors of Ceramica Vogue, with the aim of enhancing its architectural vocation and making it a specific product for interior design. A precise path shared with the company, which is both updating the distinctive features of the brand, colors and sizes, and introducing an original stylistic connotation through new collections such as "Graph" and "Confetti".
