

S E M A K

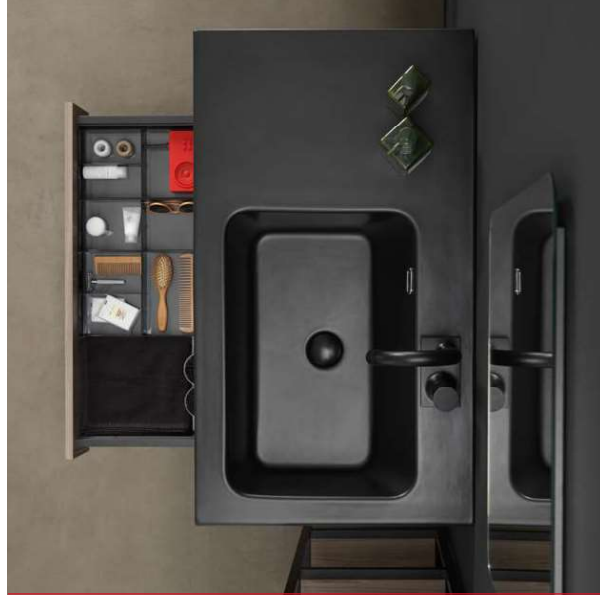

Black is Back.

Skema, pezzo iconico di Xilon, si presenta in una veste industrial dal fascino grunge: la struttura in alluminio che alloggia l'esclusivo lavabo in ceramica con bacino alto 20cm è proposta in versione Black, arricchita da diversi elementi coordinati e interamente personalizzabili.

Skema, Xilon's iconic piece, has an industrial look with a grunge charm: the aluminium structure that accommodates the exclusive ceramic washbasin with a 20cm high basin is offered in the Black version, enriched by various coordinated elements and fully customizable.

A L L U M I N I U M

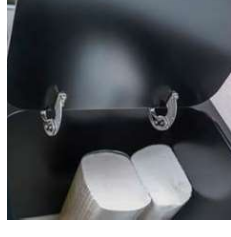

Alluminium è costruito in alluminio dallo spessore di 3mm piegato in un'unica soluzione di continuità, ciò permette di non avere saldature a vista esaltando la pulizia visiva del complemento arredo.

Alluminium is made of 3mm thick aluminium folded into a single continuous solution, which means there is no visible welding, enhancing the visual neatness of the furnishing accessory.

DE DALO

**DEDALO, IL LAVABO INTEGRATO
NEL PIANO IN OCRITECH,
PROFONDO OLTRE 15CM.**

**DEDALO, THE WASH-BASIN
INTEGRATED IN THE OCRITECH TOP,
OVER 15CM DEEP.**

L'eleganza è senza tempo, quando la semplicità diventa protagonista. Il tempo rivive in ogni dettaglio: a partire dal nome, la collezione Dedalo racconta una storia, un percorso che si muove tra le trame dell'eleganza e della semplicità. Forme lineari, accostamenti delicati e una nuova connotazione contemporanea, espressione di uno spirito metropolitano in cui si celebrano le sfumature naturali della materia.

Elegance is timeless, when simplicity becomes the protagonist. Time relives in every detail: even from the name, the Dedalo collection tells a story, a path that moves between the weaves of elegance and simplicity. Linear forms, delicate combinations and a new contemporary connotation, expression of a metropolitan spirit in which the natural shades of the material are celebrated.

LAVAREDO

Lavarredo nasce nel 2002 con vasca in ABS metacrilato per evolversi nel 2004 con un inedito lavabo in ceramica declinato in diverse misure. Una collezione in cui il design sposa la funzionalità, per regalare all'ambiente bagno uno stile unico senza rinunciare al comfort, rispondendo all'esigenza di arredare piccoli e grandi spazi. Lavarredo presenta un lavabo in ceramica, dal design deciso più profondo rispetto allo standard (24cm), che offre all'ambiente bagno la praticità delle lavanderie di una volta.

Lavarredo was created in 2002 with a methacrylate ABS basin and evolved in 2004 with a brand new ceramic washbasin in various sizes. A collection in which design meets functionality, to give the bathroom a unique style without sacrificing comfort, meeting the need to furnish small and large spaces. Lavarredo has a ceramic washbasin, with a strong design and deeper than the standard (24cm), which offers the bathroom the practicality of the laundries of yesteryear.

COLLEZIONE LAVANDERIA

La lavanderia si trasforma, si apre a nuovi utilizzi e potenzialità, regala spazio e comfort, integrandosi alla perfezione all'interno di qualsiasi esigenza di superficie e arredo, grazie a un design ricercato che ripropone l'eleganza dell'ambiente bagno.

Finiture, dimensioni, accessori: la personalizzazione offre infinite possibilità, per permettervi di arredare lo spazio secondo le vostre specifiche esigenze.

Soluzioni anche interamente customizzate, in cui la modularità è strumento indispensabile per costruire ambienti intelligenti: nelle faccende domestiche, sono i piccoli accorgimenti a fare la differenza, regalando efficienza e funzionalità.

COLLEZIONE LAUNDRY

The laundry is transformed, opens up to new uses and potentialities, gives space and comfort, complying perfectly with any need for surface and furniture, thanks to a refined design that offers the same elegance of the bathroom. Finishes, dimensions, accessories: the customization offers endless possibilities, to allow you to furnish the space according to your specific needs.

Totally customized solutions, in which modularity is an indispensable tool to build intelligent environments: in domestic matters, it is the small expedients that make the difference, giving you efficiency and functionality.

TOTUS

IL LATO ELEGANTE DELLA FUNZIONALITÀ.

La nuova gamma Totus esprime le sue potenzialità di estrema praticità abbinata ad un moderno design, adottando piani con lavabi integrati in Ocritech di spessore 10mm. Ocritech è acrilico colato con un altissimo grado di resistenza alla rottura, all'invecchiamento e agli acidi, è facilmente ripristinabile da eventuali graffi e si pulisce semplicemente con i comuni detersivi. Grazie inoltre all'eccellente planarità e alla superficie di alta qualità si ottengono ottimi risultati estetici dal design pulito, raggiungendo così alla funzionalità un ulteriore tocco di modernità. Per questo nuovo progetto sono stati studiati nuovi contenitori e accessori che lo rendono configurabile in diversi modi. Possibili personalizzazioni su misura.

THE ELEGANT SIDE OF FUNCTIONALITY.

The new Totus range expresses its potential for extreme practicality combined with a modern design, adopting tops with integrated washbasins in Ocritech 10mm thick. Ocritech is cast acrylic with a very high degree of resistance to breakage, ageing and acids; it is easily repairable from scratches and can be cleaned simply with common detergents. Thanks to its excellent flatness and high quality surface, it achieves excellent aesthetic results with a clean design, thus adding an additional touch of modernity to its functionality. New containers and accessories have been developed for this new project, making it comfortable to shape in various ways. Customizations are possible.

LA PERSONALIZZAZIONE DEGLI SPAZI
IN LAVANDERIA È FONDAMENTALE:
COMPONI LA TUA SOLUZIONE
SU MISURA E CARATTERIZZA
IL TUO AMBIENTE CON
UNA SOLUZIONE PRATICA E
DALLO STILE CONTEMPORANEO.

THE CUSTOMIZATION OF LAUNDRY
SPACES IS FUNDAMENTAL:
COMPOSE YOUR SOLUTION TO
MEASURE, AND GIVE CHARACTER
